VAST CLOUD OF SMOKE

Bombardment of Besieged Ladysmith Raging With Unabated Fury.

WHAT SCOUTS SAW FROM AFAR.

Several English Officers Fall In a Hot Engagement at Belmont. Situation at Kimberley and Mafeking.

Estcourt, Natal, Nov. 9.—(Delayed.)—Heavy firing is now proceeding in the direction of Ladysmith. It began at daybreak. Some reports are so much heavier than any previously heard leads to a general belief that the British heavy naval guns are again active.

A party which rode out several miles to observe the bombardment of Ladysmith could see a "long Tom"—a 40-pounder—posted on the railway side of the Bulwara, firing at intervals of six to eight minutes. Another gun was observed in operation at a little distance away. Puffs of smoke were discernible on the opposite side, showing that Ladysmith was withstanding a big bombardment. The locality of the town was nothing but a huge cauldron of smoke.

A Warm Fight.

London, Nov. 13.—The war office issued the following dispatch from Cape Town, Nov. 12, noon:

Colonel Gough, at Orange river, reports that during the reconnaissance of 15 miles to a point nine miles west of Belmont, on Nov. 10, the officers of the patrol first came on a Boer position taken upon a great semi-circular ridge, standing out into a plateau. They endeavored to make the Boers develop their strength by demonstrating with two squadrons of the Ninth Lancers and a field battery on the left wing, with one and one-half companies of mounted infantry on the right wing, and with artillery in the middle of the plateau out of the infantry fire.

"The Boers began by firing at the British cavalry from a gun at the north end. As the cavalry, in open order, began to circle around them, the hills seemed full of sharpshooters. The mounted infantry endeavored to outflank the Boers' left in order to discover the laager, coming under a heavy and unexpected fire from a few skirmishers.

Casualties: Killed—Colonel C. E. Keith Falconer, Northumberland Fusiliers; Lieutenant Wood, Wounded—Lieutenants F. Boyland and H. C. Hall of the North Lancashire regiment. Names of privates in list of casualties not sent.

"Our guns fired several apparently effective shots, but the enemy did not respond, having withdrawn with the wounded. The enemy did not fire on an ambulance. Colonel Gough withdrew his force after a demonstration lasting three hours and returned to camp the same afternoon near Orange river."

At Kimberley.

Cape Town, Nov. 13.—The following telegram, undated, has been received from Kimberley by a dispatch rider:

"The Boers made their appearance near Carter's farm. The British opened fire with a Maxim, the enemy replying with rifles. By mistake our fire went down into the valley, killing a member of the Cape police and wounding another. The British finally retired on the reservoir, where two guns were brought up to shell the Boers. The result is not yet known."

"Meanwhile some Boers had occupied Kampersdam, firing with one gun on Otto Kopje, but not getting the range, they did no damage. It is believed that six Boers were killed in the first fight."

"The Boers now surround Kimberley in great numbers and are bent on lifting cattle and harassing British."

A Belated Dispatch.

London, Nov. 13.—The following dispatch from Colonel Baden-Powell, British commander at Mafeking, dated Oct. 26, and forwarded by General Buller, was posted by the war office: "All is well here. After two days' shelling, and a heavy bombardment, a body of the enemy made a general attack on three sides of the town, which was repulsed by our Maxim fire. The enemy is now drawing off. Our casualties were slight."

Grandson of Jeff Davis.

Hallifax, N. S., Nov. 13.—Lieutenant C. C. Wood of the North Lancashire regiment, who was fatally wounded at Kimberley, was a grandson of Jefferson Davis, president of the Southern Confederacy, and a great grandson of President Zachary Taylor. His father is Captain J. Taylor Wood, who has resided in Halifax since the close of the war between the north and south.

KENTUCKY CONTEST.

Official Count Proceeding Slowly, and Both Sides Confident.

Louisville, Ky., Nov. 13.—The second week of uncertainty regarding the result of the balloting for governor of Kentucky begins with little prospects of immediate relief.

The official count has been in progress two days and official returns from a large majority of the 119 counties have narrowed the contest down to a nose finish. Each side claims the election of its ticket, but the estimated plurality of either does not exceed 3,000. While the returns so far received favor Taylor, the result of the count may hinge on the decision given

W. S. Taylor. Wm. Goebel, by the county election commissioners in several places where the contests have been begun on the ground of alleged irregularities.

One of these contests, that in Nelson county, has been decided adversely to the Republicans. It involves 1,198 votes—nearly as many as either side claims as its plurality.

The Democrats will contest the votes of some of the mountain counties, which return large Republican pluralities. The most important county involved is Knox, which gave Taylor 1,398 plurality. There are also contests in three precincts in Louisville, which went Republican.

In any event, it is difficult to see how a bitter contest before the legislature and the courts can be avoided. All the contests now being considered by the county election officers will have to be argued before the state board of election commissioners, which must meet at Frankfort within a month. Both Goebel and Taylor are preparing for this with all the legal talent at their command. Meanwhile, everything hangs on the official count, which may consume a large portion of the week. In Jefferson county (Louisville) the work is especially slow. Only one ward has been completed in the two days' work.

Sunday Sports In Cuba.

Havana, Nov. 13.—The local newspapers object to the criticisms made by some American journals upon Sunday racing in Havana. They point out that, after mass on Sunday, all Latin countries take a holiday, and assert that if the Americans wish the Cubans to popularize some sport as a substitute for bull fighting, Sundays must be devoted to it, because saints' days are kept strictly for religious observance, and at other times there is no great number of Cubans wealthy enough to forsake business for the sake of amusement.

Stringency In Money.

Washington, Nov. 13.—Treasury officials expect that within a short time the money drawn from the financial institutions of the east for the movement of crops and other purposes in the west will begin to find its way to New York, and that the apparent stringency in money will be accordingly relaxed. The authorities here declare that no exigency exists for any relief measures on the part of the government.

National Municipal League.

Philadelphia, Nov. 13.—Questions of vital importance to American municipalities will be discussed at the fifth annual meeting of the National Municipal league, which will be held in the Board of Trade rooms at Columbus, O., on Wednesday, Thursday and Friday of this week. More than 200 delegates from the various affiliated organizations in all parts of the country will attend, and the topics selected for discussion appeal most strongly to all interested in good government. A fine program has been prepared.

Powder Mill Wrecked.

Santa Cruz, Cal., Nov. 13.—An explosion occurred in the glazing house of the California powder mill. Four cylinders containing 16,000 pounds of powder exploded. A small amount was fuse powder and the remainder blasting power. The explosion wrecked the mill, blew down miles of fencing and destroyed the salt petre warehouse. Patrick Hughes, night watchman, was killed.

Democratic Politician.

Carthage, Mo., Nov. 13.—Judge John Hornbeck, 78, is dead. He had taken active part in Democratic state and national conventions for years.

FORCED TO SURRENDER

Stubborn Venezuelan Commander Meets With a Crushing Defeat.

ENGAGED IN A TERRIBLE BATTLE.

A Whole City Devastated and Over Six Hundred Killed and Wounded Before the Government Triumphed.

Puerto Cabello, Venezuela, Nov. 13.—General Paredes, a former commander in the army of ex-President Andrade, who had refused the demand made upon him by General Cipriano Castro and the de facto authorities to surrender the town, even when this was reinforced by the request of the British, American, French, German and Dutch commanders, has surrendered after a terrible battle.

The aspect of the city is one of ruin and devastation, and it is estimated that upwards of 650 persons were killed or wounded during the fighting.

Dr. Braisted of the United States cruiser Detroit, and the other surgeons of the various warships in the harbor, are ministering to the wants of the wounded.

General Ramon Guerra began a land attack upon the town and the position of General Paredes on Friday night. Desultory fighting continued until Saturday morning about 4, and then a fierce struggle ensued. General Paredes made a stubborn defense but General Guerra forced an entrance into the town.

As early as 8 o'clock Sunday morning the fleet arrived and began a bombardment, but the range was too great and the firing proved ineffective.

General Paredes held the fort on the hill and Fort Libertador until Sunday.

Kohlsaat's Decision.

Chicago, Nov. 13.—Judge C. C. Kohlsaat in the United States circuit court rendered an important decision in the drainage canal case, holding that the federal court has adjourned the case and refuse to remand it. The Illinois and Michigan canal commission had brought injunction proceedings against the sanitary district controlling the drainage canal, to prevent the turning of the water of Lake Michigan into the big canal. The Illinois and Michigan canal commissioners contended that the legal battle should be fought in the circuit court of Will county, where they expected to be able to win, and Judge Kohlsaat's decision is regarded as favorable to the sanitary district, and is expected to result in a speedy settlement of the points at issue. It is now believed that the canal will be opened Dec. 1.

Carried to Sea.

Yuma, A. T., Nov. 13.—Captain Alfonso D. Smith, president, and O. F. Brant, vice president, of the Yuma and Gulf of California Railroad company have arrived from the gulf, and report that no trace can be found of Colonel Stoke, chief engineer, Dave Unruh, assistant engineer; Manuel Martinez and Charles Tyson, members of a railroad surveying party, who were reported a few days ago to have been drowned in the gulf. A party of 11 men were engaged surveying a railroad from Yuma to the gulf. The four above named got into a small boat with the intention of moving camp 10 miles down the gulf. A gale came up and the boat was carried to sea.

National Naval Reserve.

Washington, Nov. 13.—The leading feature of the annual report of Assistant Secretary Allen to Secretary Long relative to the naval militia is his strong endorsement of the plan for the organization of a national naval reserve. He points out that the experience of the past year has suggested certain changes in the original plan for this organization as contained in the bill submitted to the last session of congress, and he therefore urges that it be again pushed.

Battle in the Street.

Kansas City, Mo., Nov. 13.—Twenty boys, known as the "Twelfth street gang," started in to thrash every negro who came along the street. The trouble began when a colored woman with whom the boys had quarreled cut one of the boys in the wrist with a razor. An hour's fight in the open street ensued, bricks and clubs being used with effect. One of the boys, Frank Dillmatt, was shot through the leg, and a passerby, Mrs. O. H. Nelson, was shot in the head.

Powder Mill Wrecked.

Santa Cruz, Cal., Nov. 13.—An explosion occurred in the glazing house of the California powder mill. Four cylinders containing 16,000 pounds of powder exploded. A small amount was fuse powder and the remainder blasting power. The explosion wrecked the mill, blew down miles of fencing and destroyed the salt petre warehouse. Patrick Hughes, night watchman, was killed.

Democratic Politician.

Carthage, Mo., Nov. 13.—Judge John Hornbeck, 78, is dead. He had taken active part in Democratic state and national conventions for years.

INSURGENT DISPATCHES.

Their Contents Made Known by the Washington Officials.

Washington, Nov. 13.—Among the cablegrams received from General Otis on the Philippine situation is the following:

"A number of official insurgent dispatches were captured by General Young's troops in the north and forwarded by Lawton. They indicate directed abandonment by enemy of the country in vicinity of Cabanatuan and San Jose, and hurried movements by way of Tayab, over mountains to Bayonbonay. Among the dispatches the following appears:

"Tarlac, Nov. 5.—Otis did not accept proposition; enemy attacked our outposts because Otis promised McKinley to take Tarlac; think they can not break through; take care of prisoners, as therein lies our great hopes, especially (for) our wives. There is no such miscreant (?) either by the government or by Milang; Spanish commissioners tried to deceive us; dealing with us as insurgents; our government sent them away and they withdrew greatly displeased. Quadruple alliance between Germany, France, Russia and Spain is a fact. Before December we will know our fate. Throughout Europe there is sympathy for our cause. American Democrats clearly in our favor; they are sure of Bryan's triumph next election. Pay no attention to your affairs and never mind the rest."

The dispatches are given verbatim as received, with several unintelligible words, including "miscreant." Inquiry is being made to learn whether this is a cable error or a word used in the Insurgent dispatch.

Mr. Rice Testifies.

Washington, Nov. 13.—Mr. George Rice of Marietta, O., who described himself as "a moderate producer of oil," was before the industrial commission. Mr. Rice had prepared in advance a statement setting forth his views, which he had copyrighted. This copyrighted pamphlet the commission refused to receive as such, but Mr. Rice was allowed to proceed under the rules of the commission, using the pamphlet as the basis of his statement. In his formal statement before the commission Mr. Rice accused the railroad companies generally of conspiring, in connection with the Standard Oil company, to drive independent refiners out of the field.

Banker's Son Killed.

Urbana, Ia., Nov. 13.—Clarence Burrell, son of Bunker J. G. Burrell was killed by an explosion of dynamite. Clarence Burrell had just opened the doors of his father's private bank, when there was a smothered explosion in the Monitor store next door. He rushed into the building. When Burrell reached the rear of the building a second explosion of great force rang out. Pieces of wreckage struck Burrell in the neck, decapitating him. Fire following the explosions destroyed both buildings. There is no known cause for the explosion, but the authorities are working on the theory that it was done by incendiaries.

Will Honor Colonels.

Washington, Nov. 13.—It is understood that the president will avail himself of the opportunity offered by the existence of vacancies in the regular army caused by the death of General Henry and the retirement of General Shafter to promote and retire, with the rank of brigadier general in the regular army, several of the few remaining colonels of the regular establishment, who rendered conspicuous services in the civil war. This would be a revival of the movement which led to the retirement in this manner of five of these colonels when General Shafter's retirement occurred.

Sale of Cloverleaf.

Cincinnati, Nov. 13.—Judge Taft of the United States circuit court of appeals, signed a decree directing the sale of the Toledo, St. Louis and Kansas railway, known as the Cloverleaf Route, by the master commissioner, on a day hereafter to be fixed, but not later than Feb. 1, 1900. The usual notice to all creditors and interested parties was prepared for publication in the papers of New York, Ohio, Indiana and Illinois.

New Incorporations.

Columbus, O., Nov. 13.—St. John's Evangelical Lutheran church, Stony Ridge; the Blumethal Mutual Aid Association of Cincinnati, Ohio; the Rothhaar Brothers Packing company, Cincinnati, capital stock \$30,000; the National Accounting Agency company, Springfield, capital stock \$10,000; the Polish club, Toledo.

Mansfield, O., Nov. 13.—Miss Sarah Stewart, 64, choked to death on an apple at her home, four miles east of here. She died a few minutes after being discovered. Miss Stewart was a cousin of Mrs. John Sherman.

Brussels, Nov. 13.—Herr Leyds, brother of Dr. Leyds, and himself an agent of the Transvaal government, died of apoplexy while on a visit to his brother.

CLOSING IN ON TARLAC

Forces of MacArthur and Lawton Approaching the Filipino Capital.

SOME SHARP FIGHTING ON THE WAY.

Town of Bamban Taken After a Warm Shelling of Trenches, the Enemy Gliding Off to the Hills.

Manilla, Nov. 13.—General MacArthur and General Lawton are closing in on Tarlac. Communication with distant points is impossible except by means of the government wire, which is crowded with official business.

MacArthur took Bamban Sunday. This is supposed to be the strongest position held by the Filipinos, except Tarlac. The brief accounts of the engagement received indicate that the rebels fought according to their recent tactics, retreating after firing a few volleys. One officer of the Thirty-sixth regiment is the only American reported killed.

General MacArthur began his advance at daylight—Colonel Smith, with the Seventeenth regiment on the right; Major Bell's command and the Thirty-sixth on the left and the Ninth in the center. Colonel Smith encountered a small force at Poca, easily dispersing the rebels. Major Bell secured a position on the mountain, from which he poured an enfilading fire from rifles and Hotchkiss guns upon the first line of the enemy's trenches. The Filipinos stood the fire for 20 minutes and then retreated to the mountains. General MacArthur entered Bamban at 10 o'clock and Colonel Smith occupied Capas, the first town beyond.

General Lawton's headquarters is still at Canabatun. General Young, with his cavalry infantry, is still pushing ahead through the fearful mud, but his exact whereabouts is not known.

Tennessee Soldier's Sad Death. San Francisco, Nov. 13.—Corporal L. B. Price of the Tennessee volunteers was killed shortly before the regiment left the islands under peculiar circumstances. He was subject to fits and somnambulism and was in the habit of sleeping with a red cloth around his head to protect it from insects. One night while asleep he wandered by the line and as he was returning he was mistaken for a Filipino by a member of the Sixth infantry, who shot him.

Tennessee Boys.

San Francisco, Nov. 13.—The Tennessee volunteers were landed and went into camp at the Presidio preparatory to being mustered out.

Vice President Hobart. Paterson, N. J., Nov. 13.—Vice President Hobart passed a favorable night, and the improvement that has been observed for several days continues. He ate solid food with relish. With his meals he took milk, and between meals was given milk punches. This is a marked change from his condition 10 days ago. Mr. Hobart now spends most of his time in a reclining position, and he sleeps without the aid of opiates. The most painful and alarming feature of his illness has been his attacks of nervousness as night approaches. These attacks have decreased.

Female Sandbaggers. New York, Nov. 13.—Police Captain Delaney of the East Thirty-fifth street station arrested three young women whom he believes to be western women who have been working this city for some time past. In searching their rooms the police found brass knuckles, a revolver and a large number of pawn tickets, ranging in sum from \$10 to \$50. The latter were for diamonds, rings, watches, gold and silver plate. A bottle of "knock out drops" was also found.

WEATHER FORECAST FOR KENTUCKY—Fair and warmer Monday and Tuesday; winds mostly easterly.

Now, let everybody be good.

GOREL's home county gave him a majority of over 2,200.

TALK about "incendiary utterances," what would you call DeBoe and Taylor's wild threats about wading in blood?

Ohio voted against McKinley's policy of "forcible expansion" by a majority of 50,000, taking the McLean-Jones vote as a criterion.

Mr. THOMAS S. THOMPSON was elected Treasurer of Brown County, O., by 115 majority.—Public Ledger.

Our neighbor is badly off. The majority against Mr. Thompson is 1,285.

One thing that is well settled is that the Democrats will have a good working majority in the next Legislature. Another thing is that Hon. Jo. C. S. Blackburn will be returned to the U. S. Senate.

THE official count in all the counties of the State has not yet been completed, and until that is done, the result will remain in doubt. Both parties are still claiming a victory.

JUDGING by the rabid mouthings of the Louisville Post and Louisville Dispatch, Kentucky is literally alive with thieves and rascals, and these papers would have you believe the rascals and thieves are all Democrats. These journals have forever forfeited all support from Democrats.

A PRESS dispatch from Richmond says Samuel Black & Son, of Red House, sold to S. R. Kerr & Co., of Winchester, 2,000 bushels of wheat at 65 cents. Kerr & Co. also bought of other parties 5,000 bushels at from 60 to 65 cents. The boasted prosperity doesn't seem to have struck the wheat grower in very big chunks.

THREE of the warrants sworn out in the Federal Court at Frankfort against Democratic election officers were dismissed on motion of the prosecution, and these election officers ought now to go after the individual who swore out the warrants against them. Most of the cases against such officers will likely result just as above. They were simply instigated for political effect.

HANNA A BURDEN.

Republicans Say He Must Be Deposed as National Chairman.

(Washington Cor. Pittsburg Post)

The demand for the retirement of Senator Hanna from active management of the Republican forces in the field in next year's campaign has become outspoken here as a result of Tuesday's election in Ohio.

Republicans of influence here, men who hold office under the administration and others in Congress, say that prompt steps will be taken to secure Hanna's retirement. It is said that the President holds the victory in Ohio was a vindication of Mr. Hanna and that he still clings to him as one of the most capable leaders the party has had. It therefore requires some diplomacy to inform him of the opinion adverse to the Ohio Senator. It is said, however, that the purpose to depose Mr. Hanna is determined, and that Hanna himself, if not the President, will be brought to understand that his continuance at the head of the National Committee during the Presidential campaign will be against the judgment of party leaders.

The chief reason advanced for Hanna's retirement is that his declarations concerning the trusts would make him a burden for the party if it is necessary for the party to denounce them in general terms and that his continued presence at the head of the National Committee would keep the party constantly on the defensive.

Conferences for the purpose of organizing to get rid of Hanna are proposed, and there has begun a considerable correspondence among the Republicans on the subject.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costly condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

REACHED THE COURTS.

The Wrangle Between the "Black Diamond" Promoter and Officials.

Col. Boone Arrested on Charge of Taking Valuable Papers from the President's Desk.

Col. Albert E. Boone, promoter of the "Black Diamond" railroad, was arrested at Dover Saturday morning by Constable Osborne on a warrant sworn out before Squire John J. Perrine by Col. Sam Stairs, Vice President of the Dover, Kentucky and South Atlantic Railway Company, charging Col. Boone with unlawfully breaking into the desk of the late James N. Boyd, then President of the Dover branch of the "Black Diamond" and taking valuable papers and letters therefrom.

Col. Boone waived examination and was bound over to the grand jury under \$1,000 bond, which he gave with Editor Thomas A. Davis of this city, and Mayor W. H. Kennedy, of Carlisle, as sureties.

The alleged offense was committed June 27th last. Col. Boone claims that he had a right to enter the office at Dover. He denies that he took any papers from President Boyd's desk unlawfully, and claims there is nothing in the complaint against him.

Col. Stairs, who swore out the warrant, claims to have a strong case against Boone, and says the prosecution will be pushed vigorously.

It is claimed that Col. Boone stayed all night in the railroad company's office at Dover on the night in question. Some time afterward the discovery was made that all the letters in the letterpress copybook were torn out and valuable papers were missing from President Boyd's desk, containing rights of way and estimates of costs of construction and correspondence with the London syndicate that is backing the Black Diamond financially.

It is claimed that Col. Boone now has these letters and papers in his possession unlawfully and is using them to advance his own interests to the detriment of others.

For some time Boone has claimed that certain members of the company were in a scheme to "freeze him out" of the enterprise. The English syndicate has refused to recognize Boone in its negotiations, and has been conferring only with the directors and officers of the road. This has nettled Boone.

Vice President Stairs says that Boone has been promising all along to return the papers taken by him, but has failed to keep his promise, and that the affair finally reached that stage where his arrest was determined upon. It was the intention of the officials to place his case before the next grand jury.

GONE GLIMMERING.

The Editor of the Messenger Says Dover Has Probably "Lost" the "Black Diamond."

[Knoxville Journal and Tribune November 4th.] The latest rumor about the Black Diamond railroad is that the big scheme of building a road from Columbus, Ohio, to Port Royal, South Carolina, has been given up and that the attention of the promoters will first be given to the construction of the road from Jellico to the sea, as was first planned.

The rumor has it that Dickinson, the financial agent, and Kirkby, the President of the road, are together in this latest plan while Col. Albert E. Boone holds to the larger scheme.

As far as the franchisees and all rights are concerned it is said Dickinson and Kirkby have practically everything in their power.

From the indications the English capitalists interested in the road prefer first to build the road from the coal, timber and mineral fields of East Tennessee to the sea and when that is done take up the extension of the line northward. A gentleman recently from South Carolina says people in the Carolinas are very anxious to get a line to Knoxville. One of the chief reasons for the Carolinas desiring a direct line in the direction like the Black Diamond road is for the coal rates that would be secured.

At present portions of North and South Carolina are compelled to pay big prices for coal. The timber resources

now completely inaccessible for the road.

The surveys which have been rapidly pushed through North and South Carolina are now near completion and estimates on construction will soon be in the hands of the financial agent.

The local officials of the Black Diamond road have not been informed of any intention to build only part of the road.

It is said, however, that the scheme is one which Dickinson and Kirkby are quietly working on their own hook.

THE "As You Like It" Club, of Tuckahoe, entertained on Thursday evening with a "tacky party" in honor of Miss Bouldin, of Danville, Va., and Miss Crowder, also of Virginia, at the home of Mr. W. S. Osborne. A very interesting program was rendered, after which the guests adjourned to the dining room, where a bountiful supper was served.

THE protracted meeting at the Christian Church began last evening under very favorable auspices. The large auditorium was crowded, almost to its full capacity. "The Case Between God and Man," was the subject of the discourse, the minister bringing out the fact that man owes allegiance to God, but had forgotten the allwise and beneficent Creator, had violated the laws given for his own good and had wandered off into sin. Christ, however, had come as a Mediator, and in Him and through Him a way for the salvation of man had been provided.

The music by the large choir was a feature of the service. Mr. T. Reed Chunn rendered a solo very sweetly. Preaching to-night and to-morrow night at 7 o'clock by the pastor. Rev. E. L. Powell is expected Wednesday. The public invited.

FAILED TO CERTIFY.

Trouble in Lewis County Caused by the Neglect of Election Officers.

VANCEBURG, KY., Nov. 11.—The County Board of Election Commissioners met again to-day, and after hearing the argument of counsel decided not to count the vote of Burtonville precinct, the officers having failed to certify same.

Mowers precinct was only counted for the candidates for Governor, Senator and Representative, they being the only candidates which the certificate on the stub book showed any votes to have been cast for at the election.

This reduces Taylor's majority to 769 and the balance of the Republican State candidates to about 600.

MR. A. H. PARKER and others were in Maysville Sunday consulting local Republican leaders about the action of the Lewis County Commissioners. They were accompanied on their return home by Senator-elect Wm. H. Cox and Mr. A. M. J. Cochran.

Missionary Institute at M. E. Church, South. The missionary institute of the Mayville district, M. E. Church, South, will convene at the Southern M. E. Church, this city, this evening at 7 o'clock. Sessions will also be held to-morrow and to-morrow evening.

Addresses will be made this evening by Rev. B. E. Lancaster, of Carlisle, Rov. W. Spates of Flemingsburg, and Rev. J. D. Gardner, of Hillsboro. The public cordially invited.

The Dogs After the Operators.

The C. and O. has put in a system of electric "dogs" to prevent operators from sleeping. The dog is placed on the inside of the rail some distance from the station and when the flange of the wheel strikes it, it sets a gong to ring in the operator's room and it is impossible for him to sleep and fail to note the passage of the train and announce it to the station ahead.

R. B. LOVEL,

THE LEADING GROCER

Two Musical Stars.

Coming to Maysville if 200 names at 75 cts reserve seat are secured—Mr. H. G. Andres, pianist, Mrs. Nina Pugh Smith, contralto. Mr. Andres was educated in the Paris conservatory, began to play in concert at the age of seven years.

Has given concerts in the different musical centers throughout the States. At one time he and Mr. Doerner were very noted ensemble players, gave concerts in Boston and other cities.

He has always been considered one of the most talented pianists of Cincinnati and has always been noted for a peculiar charm and fascination of touch. He cannot fail to please any audience. In regard to Madame Smith, this from a Montreal press notice:

"The reception Madame Smith got after her beautiful rendering of 'My Heart at Thy Sweet Love' from Delilah to Sampson was an ovation. She has the dramatic instinct denied to so many American singers."

A Cincinnati paper says: "As a contralto she easily ranks among the most gifted of America's singers. Her voice is a pure contralto and greatly reminds one of the voice of Annie Louise Carey. She sings with a dramatic fire of passion that goes straight to the soul and fills it with delight. She has, too, a triumphant air when she sings that is most fascinating."

To the musical public of this city is offered an unusually attractive program by both artists for the reasonable price of 75 cts reserved seat. It is hoped that the opportunity to hear two such fine artists in one evening will be embraced by the public to such an extent that an amount sufficient to pay expenses will be subscribed.

ELECTION SHERIFF ASSAULTED

By a Gang of Republicans at One of the Precincts in Fleming County.

[Flemingsburg Times-Democrat.]

At Grange City a most dastardly and cowardly outrage was perpetrated upon B. H. Rice, sheriff of election, by three or four Republican heelers. He was called out to the door of the voting place and while one of them engaged him in conversation in front another attacked from behind with a murderous club in the shape of a big fence slat; knocking him down and cutting severe gashes about his head and face and otherwise bruising him up. We are not at this writing advised just what was the cause of the difficulty but suppose it grew out of Rice's discharge of his duties and as an attempt to intimidate him. But in this they were mistaken, as he is not to be intimidated by any set of men. It is hoped the guilty parties will be properly punished.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

THE "BLACK DIAMOND."

Colonel Boone and Other Promoters Are Having a Lively Fight Among Themselves.

The Black Diamond people have stirred up a Tartar in their attempt to throw Col. Boone overboard. He says to his enemies if they will agree to build the road entirely he will surrender his contracts and step out; otherwise he will hold on like grim death to a dead nigger.

The burden imposed upon the remaining parties requires the construction of 1,394 miles of road through a mountainous country, sparsely inhabited.

Another feature of the muss is a threat of T. C. Dickenson, the Washington attorney, who has been going to England, to sue Captain Buckford, Vice President of the Ripley section of the road, for libel and damages for a letter written.

A letter sent to Col. Boone from the Cynthiana section of the road notified him that he had subscribed \$47,200, not a cent of which he has yet paid, and notified that unless he comes up by the 15th his stock will be sold.

The Cincinnati Leaf Tobacco Warehouse Company has the following in its circular for the week:

"The election on Tuesday interfered considerably with this week's business, and the offerings in consequence were very light. This should have stimulated prices somewhat, but it did not, and we can only report an equally good market as the week before. There was no change worthy of note. The character of the offerings is generally quite indifferent; very little really fine tobacco and only a small proportion of good mediums is being shown."

"There were some sales of new stock this week and prices ranged up to \$12.75, something over twenty hds., bringing an average of about 8c; very good figures for green tobacco, in our opinion, but they don't seem to justify the high prices which we understand are being asked and paid for crops in the country."

"The sales between now and New Year's will be light unless there are unusually heavy receipts of new tobacco, and that is not probable."

The Farmers and Shippers' Warehouse Company's circular says:

"With another week of light offerings the market has been well sustained, prices full up to the former quotations, the sale on Friday being the best of the week. The figures on good leaf run up to 10c. Quite a number of hds. of new tobacco were sold. We sold at this house several crops of new, the best one being from Bourbon County, Ky., which averaged \$10.60. With seasonable weather the new crop will come in freely, as prices are very satisfactory to sellers."

Nature has just one pigment on her palette with which she produces all the marvelous tints of beauty, and that one pigment is the blood. The shell-like pink beneath the finger nails, the delicate rose of the cheek, the cherry riperess of the lips, the iridescent brilliancy of the eyes are all produced by the blood. Just as the permanence of a beautiful painting will depend upon the purity of the colors with which it is painted, so the permanence of beauty depends on the purity of the blood. Paint, powder and cosmetics won't avail to preserve beauty. Beauty begins in the blood. Dr. Pierce's Golden Medical Discovery is a true beautifier, because it provides for nature that pure blood with which alone she can paint. The use of this medicine will cleanse the skin, heighten the complexion, brighten the eyes, and give to face and form that radiance of health which is the greatest charm of beauty. Dr. Pierce's Pleasant Pellets are very effective in ridding the system of clogging residuum, which accumulates with constipated habit.

THREE MEN

And How They Treated Offers of Homes. Two Refused, One Accepted.

[Lexington Herald.]

When Wade Hampton—a decrepit old man of over seventy years of age—was offered a home by the citizens of South Carolina, who looked upon him as their deliverer from the infamous bondage of carpet bag rule and negro thralldom, he replied that he had but done his duty as he saw it and could not nor would accept but that which he earned.

When the home of John B. Gordon, with all its treasures of art and literature, burned to the ground, loving friends in grateful remembrance of what he had done for his State, started to raise the money to rebuild the house and restore, as far as money could, the lost treasures, he at once announced that he had won his own way, earned his own living and bought his own home, and could not nor would accept the proffered gift.

When Dewey returned from Manila a fund had been raised to build him a home. A committee of public officials had it in charge. They made the offer and Dewey said he would accept it, but that he wanted it quick and wanted it furnished. Dewey receives a salary of \$13,500.00 a year for life.

Hampton is from South Carolina; Gordon is from Georgia; Dewey is from Vermont. Dewey will not do for the Democratic candidate for President.
